

Calling All Treatment Centers!

WITH EQUITABLE ACCESS TO CARE, WE ALL BENEFIT.

THE HEALERS CIRCLE

Project HEAL's HEALers Circle is made up of generous treatment programs, outpatient providers, and eating disorder coaches that donate pro bono or sliding scale (for outpatient only) care to select Project HEAL beneficiaries each year.

DONATE CARE, GET BENEFITS

We know that treatment centers' ability to donate pro bono care varies which is why commitments are fully customizable - from one placement per year to ten placements and beyond. Our only ask is for a minimum of one fully pro bono treatment episode based on the offering/s of your facility. In exchange for your generosity, Project HEAL offers benefits and perks that function as cause marketing opportunities and referral source generation.

WHAT YOU GET

- Annual social media promotion to over 140k people per post
- Website promotion to over 8k viewers per month
- Opportunity to write for Project HEAL's Blog 2x per year
- One cobranded video posted on social media
- Unlimited use of the HEALers Circle Treatment Partner Badge
- Community with a network of mission-aligned therapists, dietitians, and coaches in key markets

DEMONSTRATE YOUR COMMITMENT TO EQUITY

When you join Project HEAL's HEALers Circle, you actively align yourself with us and our highly respected mission of providing equitable access to eating disorder care for those who need it most. Position your organization as a leader in equitable care, and watch your reputation prosper.
